## TOWN WARRANT

---

*To the Inhabitants of the Town of Hooksett in the County of Merrimack in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town Hall in said Hooksett on Tuesday, the eleventh day of March, next, at ten of the clock in the forenoon, action upon the following subjects will be at eleven of the clock in the forenoon; polls will close at 6:30 P. M.

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to give a discount of two per cent (2%) on all taxes, except poll taxes, paid on or before the fifteenth (15th) day of July.
4. To see if the Town will vote to accept all Trust Funds, not before accepted.
5. To see if the Town will authorize the Selectmen to hire money in anticipation of the 1947 taxes, to be repaid therefrom.
6. To hear the reports of the Selectmen, Town Treasurer, Agents, Auditors and Committees, or other officers heretofore chosen or appointed, and to pass any vote relating thereto.
7. To hear and act upon the report of the Town Budget Committee.
8. To see if the Town will vote to accept the Budget in whole or in part.
9. To see if the Town will vote to raise and appropriate the sum of one hundred (\$100.00) dollars to be used by the George E. Merrill Post No. 37, American Legion of Hooksett, for Memorial Day and Armistice Day ceremonies, as petitioned for by Walter Murray and twelve (12) others.

10. To see if the Town will vote to raise and appropriate the sum of five hundred and fifty (\$550.00) dollars for installing an oil burner, complete with tank and hot water coil, in the Town Hall, as petitioned for by the Selectmen.

11. To see if the Town will vote to raise and appropriate the sum of three hundred (\$300.00) dollars for the purchase of a new stove for the Town Hall kitchen, as petitioned for by Pearl R. Johnson and twenty-three (23) others.

12. To see if the Town will vote to raise and appropriate the sum of one hundred (\$100.00) dollars, to continue and complete the card indexes of Vital Statistics from 1938 to 1946 inclusive.

13. To see if the Town will vote to raise and appropriate the sum of two hundred (\$200.00) dollars, for the purpose of a special clerk to assist the Selectmen in maintaining the Town records and also to record the minutes of all Selectmen's meetings, including each monthly meeting, as petitioned for by William E. Allen and thirteen (13) others.

14. To see if the Town will vote to raise and appropriate the sum of three hundred (\$300.00) dollars, to paint No. 1 Fire Station, outside and inside, as petitioned for by Gerard Lambert and sixteen (16) others.

15. To see if the Town will vote to raise and appropriate the sum of one hundred (\$100.00) dollars, to be used to paint and repair inside of No. 2 Fire Station, as petitioned for by Bart H. Nordle and thirteen (13) others.

16. To see if the Town will vote to raise the hourly wage of Department Fireman to be the same as the hourly wage paid by the Town to its laborers, as petitioned for by Bart H. Nordle and fourteen (14) others.

17. To see if the Town will elect to approve of the inclusion of its officers and employees in the Employees' Retirement System of the State of New Hampshire, which system is provided for by Chapter 27-A of the Revised laws, as inserted by Chapter 183 of the laws of 1945, and as provided by Chapter 201 of the laws of 1945 and any subsequent amendments thereto.

18. If the Town votes in the affirmative on the preceding article, to see if the Town will vote to raise and appropriate the sum of two hundred dollars (\$200.00) for the purpose of providing funds for the Town's contribution to said retirement system, for the coming year.

19. To see if the Town will vote to raise and appropriate the sum of one hundred and fifty (\$150.00) dollars to eliminate a health and water hazard on the Daniel Webster Highway, just north of Arah Street, as petitioned for by Rutger Broek and fifteen (15) others.

20. To see if the Town will vote to raise and appropriate the sum of thirty-five (\$35.00) dollars to install a street light on the corner of Hale and K Avenues. This being a very dark spot, we the undersigned, feel it necessary to have a light here. Petitioned for by Joseph J. Duplessis and twenty-three (23) others.

21. To see if the Town will vote to raise and appropriate a sum necessary to install a street light on the Daniel Webster Highway, between Alice and Hale Avenues, north of P. H. Beauregard's property, same being about an equal distance between both Avenues. Approximate distance now between street lights is about eleven hundred fifty (1150) feet. Petitioned for by Philip H. Beauregard and fifteen (15) others.

22. To see if the Town will vote to raise and appropriate a sum necessary to install lights on Morrill Road, for the safety of the residents on this road, as petitioned for by Mr. and Mrs. George A. Bourbeau and nineteen (19) others.

23. To see if the Town will vote to raise and appropriate the sum of five hundred thirty-five dollars and sixty-two cents (\$535.62), the State to furnish two thousand one hundred forty-two dollars and forty-seven cents (\$2142.47), the same to be expended under the State Highway Department for Class V Town Road Assistance, or take any action relative thereto.

24. To see if the Town will accept, define the roadway, establish the grade and provide with a permanent surface of asphalt tar, (or equal) the road now known as Leonard Avenue; also to arrange for sufficient lighting for safety of children and others dwelling on this road; and that one thousand eight hundred two dollars and forty-eight cents (\$1802.48) be appropriated for this purpose. Petitioned for by Mr. and Mrs. Joseph Emile Houle and twenty-four (24) others.

25. To see if the Town will vote to raise and appropriate the sum of seven hundred thirty dollars and seventeen cents (\$730.17) for the construction of a new road to the dwelling house, now located on the West bank of the Merrimack River, approximately seven hundred (700) feet northwest-

erly of the Manchester-Hooksett line. The present road runs along the bank of the river and in places there is less than one (1) foot between the bank of the river and the road. This is very dangerous and more so in the winter time due to slippery conditions. Petitioned for by Thomas J. Goonan and sixteen (16) others.

26. To see what action the voters will take in regard to the collection of garbage and rubbish in the village of Hooksett, Lincoln Park area, Martin's Corner and along the Daniel Webster Highway in the Town of Hooksett. Estimated cost being one thousand eight hundred (\$1800.00) dollars. Petitioned for by John B. Mulaire and forty-two (42) others from these localities.

27. To see if the Town will vote to raise and appropriate a sum not exceeding one one-hundredth of one per cent (1/100 of 1%) of the assessed valuation based on the assessment of 1945 for the purpose of publicizing and promoting the natural advantages and resources of the town, together with other towns in the Merrimack Valley Regions Association; the sum of one hundred dollars (\$100.00).

28. To see if the Town will vote to raise and appropriate the sum of six hundred (\$600.00) dollars, to erect an Honor Roll for the service men and women of World War II, as petitioned for by Walter Murray and twelve (12) others.

29. To see if the Town will vote to raise and appropriate the sum of one thousand two hundred seventy-five dollars (\$1275.00) to extend the present sewer on Highland Street, easterly on Granite Street, a distance of eight hundred twenty-two (822) feet to the residence of Fernando Vallee as petitioned for by Fernando Vallee and nineteen (19) others.

30. To see if the Town will vote to authorize the extension of the present water supply on the Mammoth Road in Hooksett, northerly to a point opposite the Morrill Road, so called, and install a hydrant at the junction of Morrill Road and the Mammoth Road, as petitioned for by Edward G. Linehan and thirteen (13) others.

31. To see if the Town will authorize the extension of the present water supply on the Daniel Webster Highway in Hooksett, northerly for a distance of fourteen hundred (1400) feet from Johnson's Landing, and install at least one hydrant properly located, as petitioned for by Oscar A. Duhaime and eleven (11) others.

32. To see if the Town will vote to raise and appropriate the sum of five hundred (\$500.00) dollars to build a ball field in playground in the Town of Hooksett, as petitioned for by Arthur E. Petrin and nineteen (19) others.

33. To see if the Town will vote to raise and appropriate the sum of one hundred (\$100.00) dollars, to purchase a power lawn mower, as petitioned for by Fayette C. Blair and ten (10) others.

34. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twelfth day of February in the year of our Lord nineteen hundred and forty-seven.

## REPORT OF FOREST FIRE WARDEN

---

### HELP YOUR FOREST FIRE WARDEN PREVENT FIRES—IT PAYS!

Prevention is one of the most important phases of all fire effort. This is particularly true of forest fire control work. Preventing forest fires preserves valuable forest growth and other property, conserves man power and permits their use in productive channels, saves taxpayers' money and conserves fire fighting equipment.

The prevention of forest fires is the most important and difficult part of the work of your forest fire warden who heads a local organization set up primarily for the security of your community's forest property. Appointed by the State Forester, upon recommendation of the Selectmen, he is charged by law with the responsibility of local administration of forest fire laws, fire prevention and suppression. In his work he is aided by deputy forest fire wardens who, in emergency, may assume his power and authority. The warden is guided in his work by instructions received from the State Forester and by the District Fire Chief who represents the State Forester.

The importance and value of the work of the forest fire warden and his deputies is, perhaps, best appreciated during hazardous periods when fire danger is greatest. The public, however, looks to him at all times for speedy and economical suppression of going fires.

To properly fulfill his mission, the warden needs the generous and understanding cooperation of the public at large. He attempts to secure this cooperation by the posting of caution notices, news items and by word of mouth, always carefully explaining the necessity of restrictions imposed. In the matter of giving cooperation, however, the public often fails. The record shows that an average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year. Analysis of fire causes reveal the

fact that more than 98 percent of all forest fires are, consistently, the result of human carelessness and are preventable.

The careless smoker fails to properly extinguish his cigar, cigarette or pipe ashes or thoughtlessly throws them from the car window; the debris burner fails or refuses to consult the warden, as the law requires when the ground is not covered with snow, before attempting to burn; campers fail to properly extinguish their fires or frequently build fires when conditions are unfavorable.

The elimination of human causes from the forest fire problem is the answer. This is not as difficult of accomplishment as it might appear at first glance. Let each one who reads this—

1. Use ordinary common sense with fire in and near woodland.
2. Comply with requirements on the use of fire in and near woodland and when the ground is not covered with snow, secure written permission to burn from the forest fire warden.
3. Be careful when smoking in or near woodlands. Don't throw lighted material from moving vehicles.
4. Cooperate with and assist the warden and urge others to do so.
5. **HELP YOUR FOREST FIRE WARDEN PREVENT FIRES**—his efforts are only as effective as is the cooperation you give him!

*District Fire Chief.*

*Comparative Statement of Appropriations and Expenditures—Estimated and Actual Revenues: (Exhibits III and IV)*

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1945, are presented in Exhibits III and IV. As indicated by the budget summary, a net revenue deficit of \$677.29, plus a net overdraft of appropriations of \$3,040.93, resulted in a net budget deficit of \$3,718.22.

*Summary of Receipts and Expenditures: (Schedule A)*

A summary of receipts and expenditures for the fiscal year ended December 31, 1945, made up in accordance with the uniform classification of accounts is included in Schedule A.

## AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Proof of the Treasurer's balance as of December 31, 1945, and September 30, 1946, is indicated in Schedules B and N, respectively.

## TAX ACCOUNTS

The uncollected balances of tax warrants on account of the levies of 1944, 1943 and prior years, were committed to Collector Morse as of March 26, 1945. The activity in these accounts between that date and the close of the fiscal year, December 31, 1945, is indicated in Schedules D, E and F. The original tax warrant for the levy of 1944, committed to Collector Edward Higgins, was not available at the time of audit. Activity in this account from January 1st to March 26, 1945, therefore, could only be determined from the Treasurer's record of receipts and the printed town report.

The tax warrant accounts for the levies of 1946, 1945, 1944 and previous years were audited as of September 30, 1946, and summaries prepared as of this date are included in the report.

The tax sales accounts were also examined. Summary statements of these accounts as of December 31, 1945 and September 30, 1946, are presented in Schedules G and T, respectively. A detailed list of unredeemed taxes as of record on September 30, 1946, is contained in Schedule T-1.

## TOWN CLERK

The financial accounts and records of the Town Clerk were examined and audited. All funds received by the Town Clerk on account of the issuance of motor vehicle permits and dog licenses were properly accounted for through remittances to the Treasurer, fees retained or cash on hand.

## TRUST FUNDS

Savings bank books representing the principal and unexpended income of the trust funds were examined. A summary statement of trust fund principal and income, as of December 31, 1945, is included in Schedule J.

## LIBRARY

The record of receipts and expenditures of the Trustees of the Arah W. Prescott Library was examined. (Schedules K & V).

## MUNICIPAL COURT

The financial records and accounts of the Justice of the Municipal Court were examined. Summarized statements of this account as of December 31, 1945 and September 30, 1946, appear in Schedules M and X, respectively.

## TOWN OFFICERS' SURETY BONDS

A list of the town officers who are required by law to be bonded, together with the amounts of the bonds and the surety companies, for the year 1946, will be found in Schedule W. The bonds of the Trustees of Trust Funds were not presented for examination.

## GENERAL COMMENTS

*Appropriation Balances:*

It will be noted that the revised balance sheet as of December 31, 1945, shows an appropriation balance due the school district on that date of \$17,379.00, and \$947.30 on the dog license account. The balance sheet in the town report of like date, indicated an appropriation balance of \$6,845.00 and dog licenses of \$678.00, due the school district. This difference was due to the fact that the appropriation balance of \$10,534.00 and dog licenses amounting to \$272.00, as of the beginning of the year, January 1, 1945, were not taken into consideration in the town report balance sheet.

The balance of \$42.00 due on account of the library appropriation was also set up as an appropriation liability in the revised balance sheet, as it is required by law that all funds appropriated for libraries be used for this purpose.

*Treasurer's Checks:*

At present the treasurer issues separate checks in payment of selectmen's orders. Inasmuch as several checks are sometimes issued in payment of a single order this method is unsatisfactory and tends to confuse the accounting records. The recommended procedure is for the treasurer to countersign the selectmen's orders which thereby become negotiable checks. The advantages of this method are:—

(1) Selectmen's voucher and treasurer's check bear the same serial number.

(2) Eliminates the possibility of a difference in the name of payee or in the amount between the order and check.

In the case of highway payrolls either of the following methods may be used:

(1) The selectmen issue a voucher and order to each employee whose name appears on the highway payroll. The treasurer countersigns the orders thereby converting them into negotiable checks. The treasurer would allow the usual procedure and enter each check separately in the cash book.

(2) Selectmen issue one voucher and order for the total amount of each highway payroll. The treasurer countersigns the order and deposits it in a special "highway payroll account" in the bank. The treasurer would then issue separate payroll checks to each employee whose name appears on the payroll, indicating thereon opposite each name the proper check number.

Only one entry would be made by the treasurer in the cash book which would be for the regular town order-check covering the total amount of the payroll.

#### *Tax Sales:*

When the town buys property for delinquent taxes at a tax sales the following procedure should be employed:

The town orders and checks should be issued to the tax collector immediately after the sale.

(1) The first is for the actual amount of the taxes bought by the town plus the interest thereon to date of sale. This check is endorsed by the collector and remitted to the treasurer as "taxes and interest collected." The collector at the same time credits the proper accounts in his warrant book and enters the amount of interest which is chargeable to each account.

(2) The second check is for the costs and fees incident to the advertising and sale. This check is retained by the collector as the law provides that he is entitled to such costs and fees.

Both orders and checks should be charged to the account "taxes bought by town."

#### *Abatement of Taxes:*

An abatement slip, signed by the selectmen, should be given to the tax collector each time an abatement is authorized by the board. A permanent record of all abatements made should also be kept by the selectmen in a book designated for this purpose.

#### *Assessment Records:*

It is recommended that more care be exercised in the preparation of the assessment records before the annual tax warrants are made out. The abatement lists reflect a repetition of the same errors from year to year.

#### *Tax Deeds:*

Proper accounting for property acquired by tax deeds should be instituted in order that information as to the actual amount invested by the town in each piece of property so acquired may be readily available at all times. A standard form of card is prescribed for this purpose.

Schedule T-1, lists the unredeemed taxes as of record on September 30, 1946. It is noted that these go back as far as the levy of 1938. It is suggested that deeds be taken in all cases where more than two years has elapsed since the date of tax sale.

Distinction should be made between receipts on account of "redemptions from tax sales" and "sale of property acquired by tax deed." It was noted that in some cases remittances to the treasurer which were reported as "redemptions" were actually on account of the "sale of tax deeded property."

*Conclusion:*

The accounts and records of all town officials, with exceptions as herein noted, were found in good condition and the accounting procedure conformed to the uniform system prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety but the inclusion of Exhibits and Schedules is optional.

We extend our thanks to the officials of the Town of Hooksett for their assistance during the course of the audit.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the School Board of Hooksett:*

It is with pleasure that I present to your Board my fourteenth annual report of school organization, and of health and educational activities. Such recommendations, as are included in this report, are prompted by the unprecedented and increasing scarcity of teachers and the growth of pupil enrollment, particularly at the vitally important level of the primary grades.

By closing the intermediate room in the Lincoln Park School last September, the teaching staff has been reduced to eight full-time and one part-time teacher. The cost of lip-reading instruction, previously given to two pupils at the Martin's Corner School, has been reduced by sharing with Allenstown and Pembroke the salary of the special teacher.

Two changes occurred in September in the teaching staff. In Grades Five and Six in the Village School, Mrs. Lila E. Nutbrown of Berlin succeeded Miss Natalie A. Hopkins who is teaching in Manchester. Mrs. Nutbrown, a graduate of Plymouth, has taught for more than ten years in the schools of Berlin and Raymond.

In the primary room of the Martin's Corner School, Mrs. Esther A. O'Brien of Hooksett was chosen to succeed Miss Shirley A. Sullivan who resigned after three years of successful teaching to accompany her husband, Captain Frank K. Finnigan, U. S. A. Mrs. O'Brien was graduated from Keene in 1925, where she also completed two summer sessions. She has since taken extension courses at the University of New Hampshire. For more than ten years Mrs. O'Brien taught in the schools of Littleton and vicinity. Hooksett is fortunate to have obtained during this period of post-war readjustment teachers of training and successful experience.

In September 1946 the enumeration of children between the ages of five and sixteen years totaled 312. Of this number 213 were attending the public school in Hooksett. Thirteen children between the ages of five and eight years were

not required to enter school this year; one was excused from school attendance. The remaining 86 were enrolled in public and private schools, high and elementary, in neighboring towns and cities.

The delayed opening of schools in September, due to the prevalence of poliomyelitis in the state, is reflected in the average achievement of the primary and intermediate grades. However, the averages in these grades remain very satisfactory. These Metropolitan Achievement scores, expressed in "Grade and Month" are shown for a period of three years.

Grades Tested:	III	IV	V
Standard Scores Anticipated:	3-3	4-3	5-3
Hooksett's Average in 1944:	3-2	4-4	5-4
Hooksett's Average in 1945:	3-8	4-5	5-4
Hooksett's Average in 1946:	3-5	4-3	5-2

Following recent investigations of the relation between handwriting and proficiency in acquiring reading skill, a modified form of manuscript basic handwriting has been adopted in the First Grade. It is intended eventually to continue this system through the Second and Third Grades. In the intermediate and upper grades the Zaner-Bloser Correlated Handwriting has replaced the Houston System for which materials are no longer available.

Through the excellent film library now maintained by the University of New Hampshire, and with the Bell and Howell SOUND-ON-FILM projector, purchased by Hooksett in conjunction with four other districts in this Union, visual education is made a part of the classroom procedure in teaching geography, history, health, music, safety and science.

The annual spelling contest, that was discontinued by restricted transportation during the war, has been restored this year. This contest is open to all pupils in grades three through eight in the schools of this Union. A trophy cup is held for a year by the district whose team of three members has the highest total score. Any district, having won the contest three times, holds the cup permanently.

During the year ending in June a total of 223 children were examined by the school nurse, Miss Adonia A. Douillette, R. N. Of this number, 158 were given the T. B. Patch Test, and later four were X-Rayed by Dr. Kerr. Four of the eight cases of defective vision were corrected. The diphtheria toxoid treatment was given to 37 school children.

There were 24 cases of whooping cough. Aside from those the communicable diseases were confined to 5 cases each of chicken pox and mumps, and 3 cases of skin disease. Due to the prevalence of poliomyelitis in the state only five of the 14 tonsil cases were corrected. The large number of dental defects (196), and the frequency with which poliomyelitis seems to appear where dental conditions are poor, has been brought to the attention of the State Board of Health. Through Dr. Shirley Dwyer of the Health Department and your School Nurse, arrangements have recently been made for the cleaning of children's teeth and the application of the fluorine treatment which is designed to retard the tendency to decay. This service is being rendered without cost to the parents.

The results being secured by Mrs. Louise Towle in the serving of school lunches are highly commendable. Her duties include the planning of meals, the ordering of all food supplies, the preparing and serving of more than 70 lunches daily, and the keeping of accounts with the state and federal agencies. The recently adopted program of federal aid enables her to serve a complete lunch at a "below-cost" price to the school children.

The lunch, consisting of a hearty dish, vegetable, cooked or fresh fruit, bread and milk, actually costs more than 20 cents. For this the children pay 15 cents, and the government contributes 9 cents for food and labor. The government also shares the cost of non-food equipment. This includes the new electric refrigerator, authorized at the last school district meeting, and other permanent utensils for kitchen and dining room.

Early in February your Village School, at the request of the state supervisor, entertained the conference of school lunch supervisors and workers from Merrimack, Rockingham, and Hillsboro Counties.

Since the new year a hot lunch has been prepared and served daily to 35 pupils in the Martin's Corner School. The principal, Mrs. Washburn, and her pupil helpers prepare a hearty dish regularly and a dessert frequently. The children bring sandwiches and milk from home. This lunch program receives a small contribution for food from the government. The district is also being assisted in the purchase of a two-place electric flat, serving trays, and other dishes. The third classroom, now unused, would meet the real need for a dining room if it could be equipped with radiators and served by the new heating plant.

Two new drinking fountains, located in the corridors at Martin's, meet the needs of convenience and of approved sanitation as recommended by the State Board of Health.

The estimated budget for the coming year calls for approximately \$3500 more than the appropriation made in 1946. This increase is represented chiefly under the items of teachers' salaries and high school and academy tuitions.

If Hooksett is to operate the present number of schools another year, and is to retain competent teachers of experience, it will be necessary to pay higher salaries than are being paid this year to inexperienced graduates from teachers colleges in this and neighboring states. The problem of recruiting new teachers involves more than salaries. A prominent educator recently said to your Superintendent, "It isn't merely the matter of salaries, New Hampshire simply hasn't the teachers."

The present cost per pupil for high school tuition is \$123.79. A conservative estimate for next year places the State Average at \$130 per pupil. The School Board of Concord has already given notice that its high school tuition next year will be \$150. Of the 72 pupils enrolled in high schools, there are 13 to graduate in June. To replace these graduates you have an Eighth Grade of 30 pupils, of whom we anticipate that 20 will attend high school.

The enactment of House Bill No. 12, now before the legislature, or similar legislative bills to be presented, eventually may reduce the local share of school appropriation by approximately \$9,000. However, it is not anticipated that these bills will receive final action by the legislature before the date of your annual school district meeting. It appears that the total financial means for the maintenance of your public schools, during the year of 1947-1948, must be raised and appropriated by the district of Hooksett.

In conclusion, I wish to commend most heartily the services being rendered by the principals and teachers, and by the school nurse to your schools and thus to your community. The spirit of loyalty to the American system of education has been shown by the parents and other citizens. The cooperation, extended to the Superintendent, principals, and teachers by the members of your Board and the people of the community, is sincerely appreciated.

Respectfully submitted,

GEORGE H. HARMON,  
*Superintendent of Schools.*
